

Over 1,600 Corrugated Cartons

in stock & available for same day shipping!

Corrugated Boxes

- All are constructed from 200#/ECT-32 corrugated or stronger.
- All ship and store flat to save space.
- 100% recyclable.

White Boxes

- Labels and special shipping instructions stand out on the crisp white carton.
- White boxes present a quality look to your shipments.
- Made from strong, 200#/ECT-32 white corrugated.

Cube Boxes

- Cube boxes disburse product weight evenly for easier stacking.
- Great for packaging cylindrical, round or odd shaped products.

Tall Boxes

- Tall Boxes are ideal for shipping irregularly shaped items such as lamps, golf clubs, shelving, fishing rods and umbrellas.
- Constructed from 200#/ECT-32 kraft corrugated.
- May be used in place of mailing tubes.

Telescoping Boxes

- Boxes have an adjustable two-piece design ideal for tall or irregular sized loads.
- Constructed from 200#/ECT-32 kraft corrugated.
- Top and bottom containers are sold separately.

Multi-Depth Boxes

- Box sides are scored at multiple depths to allow easy height adjustment – simply cut down to desired size.
- Save space and money by reducing the number of different cartons in your inventory.

Side Loading Boxes

- Open along the ends for easy insertion and removal of products.
- Feature full overlapping flaps for extra edge protection and stacking strength.
- Great for artwork, frames and mirrors.

Flat Boxes

- The smaller depths on these boxes provide an ideal fit for shallow products.
- Perfect for shipping apparel, books, picture frames, artwork, mirrors and clothing.
- Constructed from 200#/ECT-32 kraft corrugated.

Long Boxes

- Wide openings along the length make these cartons easy to pack.
- Great for vases, umbrellas, golf clubs and other long and narrow items.
- Manufactured from 200#/ECT-32 kraft corrugated.

Corrugated Trays

- Perfect for transporting small, lightweight loads.
- Easy-to-fold sides provide additional stability and security when moving plants or carrying cans, bottles and other miscellaneous items.

Moving Boxes

- Pre-printed boxes with special handling instructions, up arrows and a destination panel.
- Deluxe boxes feature unique "flap tabs" that hold flaps down and out of the way to make packing easier.

File Storage Boxes

- The perfect solution to any long or short term document storage.
- Different closure methods such as lids, interlocking flaps and drawers to fit any storage situation.
- Designed to fit legal, letter or check sized documents.

Your Single Source for Heavy-Duty Boxes

Heavy-Duty Single Wall Boxes

- Added protection, stability and stacking strength during shipment and storage.
- 40% stronger than standard shipping containers.
- Manufactured from 275#/ECT-44 single wall kraft corrugated.

Heavy-Duty Double Wall Boxes

- Twice the protection, stability and stacking strength than a standard carton.
- Double Wall boxes range from 275#DW/ECT-48 to 500#DW/ECT-71 kraft corrugated construction.

Heavy-Duty Triple Wall Boxes

- Perfect for shipping heavy items such as small motors, compressors or valves.
- Constructed from 1100#TW/ECT-90 kraft corrugated.

Boxes With Hand Holes

- Hand holes make lifting and moving these boxes easy!
- Heavy-duty double wall construction provides greater protection and stacking strength.
- Constructed from 275#DW/ECT-48 kraft corrugated.

500# Double Wall Boxes

- Twice the protection of a standard carton during shipment and storage.
- Manufactured from heavy-duty 500# DW/ECT-71 kraft corrugated.
- UPS rated up to 140# capacity.

Weather-Resistant Boxes

- Boxes withstand high humidity and wet conditions.
- Made with water-resistant adhesive (WRA).
- W5c and V3c corrugated meets military specifications.

Bulk Cargo Boxes

- Protect and conceal large shipments with Bulk Cargo Boxes.
- Perfect for consolidating several smaller shipments or as a master pack for smaller cartons.

Gaylord Boxes

- Protect bulky, hard to pack irregularly shaped items.
- Available in single, double and triple wall.
- Pair with lids to conceal large shipments.
- Also available in telescoping.

Insulated Shipping Boxes

- Products that present unique shipping difficulties due to temperature constraints can be shipped safely.
- Kits include a molded foam body, a tight fitting lid and a 200# white corrugated carton.

Hazardous Materials Boxes

- Boxes are pre-printed with warning information and up arrows.
- Available for different sizes and quantities of paint cans, plastic jugs and F-style cans.

Corrugated Sheets & Pads

- Great for layering between products on pallets or inside packaging to disperse weight.
- Pads help keep tops of products dust free during storage, while also preventing strapping and forklift damage.
- Corrugated Layer Pads are sized to fit the most popular box sizes.

Also Featuring...

- Corrugated Mailers
- Literature Mailers
- Corrugated Totes
- Corrugated Bins
- Printer's Boxes
- Corrugated Displays
- & More!

Over 3,000 Poly Bags

in stock & available for same day shipping!

Flat Poly Bags

- Manufactured from 100% virgin, high clarity polyethylene film.
- Close bags with twist ties, bag tape or by heat sealing.
- Hundreds of sizes and thicknesses available.
- Smaller retail quantities available.

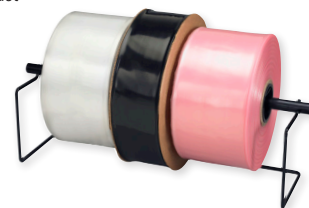

Reclosable Poly Bags

- Single track zipper extends the width of the bag and keeps products clean and free from dirt and moisture.
- Reclosable bags can be reused.
- Available in a variety of Mil strengths.
- Smaller retail quantities available.

Poly Tubing

- Make custom bags in seconds.
- Simply cut tubing to desired length, insert product and heat seal both ends.
- Available in Clear, Heavy-Duty, Anti-Static and Black Opaque.

Gusseted Poly Bags

- Expandable sides and fitted bottom make packing bulky or irregular shaped items easier.
- Close bags with twist ties, bag tape or by heat sealing.
- Meets FDA and USDA requirements.

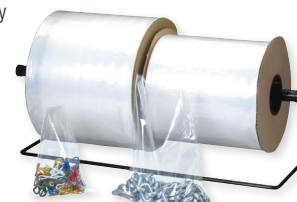

Reclosable White Block Bags

- Single track zipper extends the width of the bag and keeps products clean and free from moisture.
- Large white block area allows information to be written with a pen directly on the bag. No labels needed!

Poly Bags on a Roll

- Bags are pre-opened at one end and sealed at the other end.
- Perforated for easy tear-off.
- Roll converts from 1" to 3" core.

Parts Bags

- Pre-printed bags identify where to write part number and quantity to insure consistent labeling.
- Opaque, pre-printed white blocks make part numbers and quantities stand out.
- Features zipper closure and hang hole.

Slide-Seal Poly Bags

- Slide lock bags are easy to close, keeping products clean and free from moisture.
- Simply slide the lock across the width of the bag to seal.
- Also available in White Block.

Suffocation Warning Bags

- Informs customers of potential suffocation hazards to children.
- Message is printed in English, Spanish and French.
- Available in Flat, Resealable and Resealable with Vent Holes.

High Clarity Polypropylene

- High clarity enhances product appearance.
- Moisture, grease and vapor resistance keeps foods fresh.
- Meets FDA and USDA specifications for food contact.

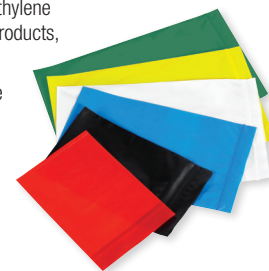

Garment Bags

- Durable, .6 Mil transparent bags keep garments neat and clean.
- Pre-slit hole for hangers make traveling and storing items easy and convenient.
- Bags are pre-printed with child safety warning.

Colored Poly Bags

- Brightly colored, polyethylene bags quickly identify products, parts or inventory.
- Available in Reclosable and Flat styles.
- Bags resist dust, dirt and moisture.

Distributed by:

Over 3,000 Poly Bags

in stock & available for same day shipping!

Resealable Bags

- Self-seal adhesive makes packing items fast.
- To seal, peel off strip and fold lip.
- 1 1/2" resealable lip.
- Available in polyethylene and polypropylene.

Flap Lock Bags

- Locks in items quickly without the need for tape.
- Great for protecting apparel, flatware and food.
- Features a 2" fold over flap except for item PBFL182402 which has a 3" fold over flap.

Doorknob Bags

- Use to hang newspapers, flyers and samples.
- 1 1/2" hang hole fits standard sized doorknobs.
- Clear, polyethylene bags keep contents visible.

Pallet Covers

- Large, gusseted poly bags protect contents from dust, dirt and moisture.
- Perfect for lining cartons or covering machinery, industrial parts or pallets.
- Available in Clear and Black Opaque.

Poly & Top Sheeting

- Top equipment and pallets with sheeting to protect them from dirt and dust during shipping or storage.
- Sheeting is an economical alternative to drop cloths.
- Available in Clear or Black.

VCI Poly Bags

- Bags provide a dust and moisture barrier in addition to a corrosion inhibitor.
- No wrapping necessary! Simply place product directly into the bag.
- Available in Reclosable, Flat and Gusseted styles.

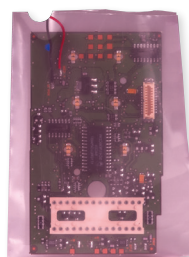

Amber UV Poly Bags

- Film contains UV blocker to protect light-sensitive materials.
- Single track zipper keeps products inside clean and dirt, dust and moisture free.
- Great for electronics, computer parts, medicine or film.

Anti-Static Poly Bags

- Protect electronic components from static build up as well as dirt, dust and moisture.
- Manufactured from pink, anti-static polyethylene film.
- Available in Flat, Reclosable and Gusseted.

Static Shielding Bags

- Designed to protect electronics from damage due to moisture and static discharge.
- Both printed and unprinted are available in Reclosable and Open End.

Twist Ties

- Sealing bags with twist ties makes bags reusable.
- Ties are made from a long-life, easy bending wire coil.
- Available in paper or plastic.

Bag Tape & Tapers

- Pressure sensitive bag tape seals poly bags fast.
- Choose different colors to code merchandise.
- Strong 2.4 Mil tape with a 3" core.
- Easy to use Bag Tapers close bags in seconds.

Sealers

- To create a secure seal, place a poly bag or tubing between the seal bars, press down and release.
- Use with polyethylene and polypropylene bags and tubing.

OVER 600 MAILING BAGS & ENVELOPES

in stock and available for same day shipping!

Bubble Mailers

- Lined with 3/16", high slip bubble for easy product insertion and removal.
- Each bag has 1/2" fins on 3 sides to absorb shock and help protect contents.
- Choose from full cases or 25 pack quantities in various styles.

Padded Mailers

- Fiber padding expands as package is handled, absorbing shock and protecting contents from damage.
- Puncture and moisture resistant.
- Available in white or kraft, open ended or self-seal and full cases or 25 pack quantities.

Poly Mailers

- Mailers feature a self-seal closure and are moisture, puncture and tear resistant.
- High strength seams will keep contents intact even if over packed.
- Choose from Bulk Packs or e-commerce friendly 100 packs in various styles.

Bubble Lined Poly Mailers

- Polyolefin exterior with 3/16" bubble cushioning inside protects products.
- Mailers are moisture, tear and tamper resistant.
- Features a self-seal closure.
- Available in 25 packs.

Colored Poly Mailers

- Attract attention while protecting contents during shipping.
- Available in Black, Blue, Red and Yellow.
- Puncture resistant and water-repellent mailers feature a peel and seal strip for easy closure.

Expansion Poly Mailers

- Gusseted bottom to allow for thicker items such as binders, books and catalogs.
- Feature a self-seal closure with a double perforation tear strip for easy opening.
- Puncture, moisture, tamper and tear resistant.

Returnable Poly Mailers

- The same as used by major online retailers.
- Lightweight material saves on shipping costs.
- Mailers have two adhesive strips—one for original shipment and the second brand new adhesive strip for the return.

Clear View Poly Mailers

- Perfect for mailing catalogs and brochures.
- The front of the bag is clear for viewing contents and the back of the bag is opaque for address information and postage.

Tyvek® Envelopes

- The ultimate in tear, puncture and moisture protection.
- Constructed from heavy-duty olefin and features a self-seal closure.
- Available in Plain, Expandable, First Class and Tamper Evident styles.

Flat Mailers

- Resists bending or crushing—perfect for shipping and storing photos, documents, artwork and reports.
- Two closure types: economical tab lock and convenient peel and seal.
- Available in White, Black or Kraft.

Printed Flat Mailers

- Printed with a "DO NOT BEND" message or snowflakes.
- Made from 100% recycled paperboard and are 100% recyclable.
- Feature convenient, pressure-sensitive closure and tear strip for easy opening.

Colored Tyvek® Envelopes

- Colorful envelopes make your mailing stand out.
- Various sizes available in Black, Green, Red, Silver and Yellow.
- Constructed from 14 lb. olefin, ten times stronger than paper envelopes.
- Feature self-seal closure.

Glamour Bubble Mailers

- Protect your shipment and grab your customer's attention with colorful bubble mailers.
- Lightweight and moisture resistant mailers feature a peel and seal adhesive closure.
- The shiny metallic exterior is available in a variety of sizes and bright colors.

Metallic Glamour Mailers

- Bright and shiny metallic exterior increases response rate on your mailing.
- Features a peel and seal adhesive closure.
- Durable, 2.8 Mil mailers are manufactured from opaque, aluminized polyester laminate.

Translucent Silver Mailers

- Translucent, foiled material lets contents show through.
- Features a peel and seal adhesive closure.
- Manufactured from opaque, aluminized polyester laminate.
- Durable, 2.8 Mil mailers are water-resistant.

HUNDREDS OF CORRUGATED MAILERS

in stock and available for same day shipping!

Corrugated Mailers

- Corrugated Mailers are super strong yet lightweight to save on postage.
- Crush resistant mailers fold to provide double walls of protection on front and sides.
- Available in white or kraft corrugated.

Literature Mailers

- The perfect fit for your literature piece without the expense of a custom carton.
- The ideal size to ship and store documents.
- Available in white or kraft corrugated.

Deluxe Literature Mailers

- Features protective side flaps and a front outside tuck closure.
- Maximum protection for your most important documents.
- Available in white or kraft corrugated.

Outside Tuck Mailers

- Front lock tabs provide a secure closure.
- When assembled, mailer provides doublewall protection on 3 sides.
- Manufactured from strong 200#/ECT-32-B white corrugated.

Easy-Fold Mailers

- Great for mailing books, catalogs and framed pictures.
- Scored at multiple depths for flexibility.
- Simply place product in the center, fold in the sides at your desired depth and seal with tape.

Jumbo Easy-Fold Mailers

- Great for shipping oversized items like portfolios, framed posters or artwork.
- These one-piece mailers have scores at multiple depths to ensure the proper fit for your products with 1-6" depths.

Multi-Media Mailers

- Strong corrugated mailers designed to ship CDs, DVDs and other media.
- Lightweight material saves on shipping costs.

Side Loading Locking Mailers

- Side loading design makes packing easy.
- Close these one-piece mailers with their locking tabs.
- Manufactured from 200#/ECT-32-B white corrugated.

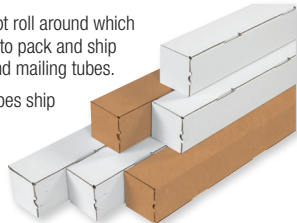

Garment Mailers

- These sturdy one-piece cartons are perfect for shipping bulky outerwear.
- Die-cut, one-piece carton folds together fast without tape or glue.
- Manufactured from strong 200#/ECT-32-B kraft corrugated.

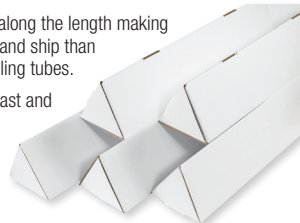

Square Mailing Tubes

- Square tubes will not roll around which makes them easier to pack and ship than traditional round mailing tubes.
- These one-piece tubes ship flat to save space.
- Available in white or kraft corrugated.

Triangle Mailing Tubes

- Triangle tubes open along the length making them easier to pack and ship than traditional round mailing tubes.
- Tubes fold together fast and have locking tabs.
- Constructed from 200#/ECT-32-B white corrugated.

Carrying Cases

- Great for transporting products, promotional materials, samples or literature.
- One-piece, die-cut design folds together in seconds without tape or glue.
- Manufactured from strong 200#/ECT-32-B white corrugated.
- Plastic handles are included.

Tape Sells Across Numerous Vertical Markets

General Office

Applications include mending, carton sealing, strapping, floor marking, color coding, tamper evident, masking, squeak and rattle reduction, equipment marking and bonding.

Education

Application range includes color coding, identification, arts and crafts, masking, floor masking, carton sealing, and book mending.

Distribution

Applications include color coding, carton sealing, strapping, masking, creating tamper resistant and tamper evident packaging, floor marking and bonding.

Legal/Professional

Common tape applications include tamper resistant and tamper evident product.

Aerospace

Aerospace solutions from cargo bay splicing, vibration damping and specialty masking to composite bonding, riveting and thermal shielding.

MRO

Specialty tapes meet challenges for Maintenance Repair and Operations (MRO) from "peel and apply" lane markings to color-coding solutions and protection from harsh outdoor environments.

Medical/Healthcare

Applications such as floor and equipment marking, carton sealing, bag sealing, envelope sealing, tamper resistant, security, color coding, masking, strapping, and protection from harsh environments.

Manufacturing

From carton sealing to masking, vibration damping, squeak and rattle reduction, strapping, aisle marking, color coding, friction reduction, floor marking, identification marking, web splicing and security.

Paper and Printing

Applications include web splicing, friction reduction, squeak and rattle reduction, light blocking, floor marking, edge reinforcement and sealing, vibration damping.

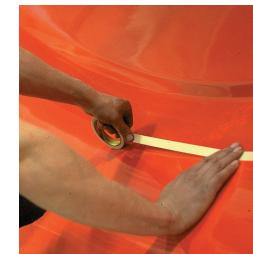

Commercial Transportation

Applications include thermal shielding, color coding, vibration damping, squeak and rattle reduction, friction reduction, fine line masking, paint stripping, riveting high temperature masking.

Electronics

Applications include thermal shielding, color coding, vibration damping, squeak and rattle reduction, friction reduction, fine line masking.

Automotive Aftermarket

Applications include thermal shielding, color coding, vibration damping, squeak and rattle reduction, friction reduction, fine line masking, paint stripping, high temperature masking.

Packaging, Specialty & Industrial Tapes

Carton Sealing Tapes

- Super strong, pressure sensitive tape in acrylic, hot melt and natural rubber adhesive options.
- Dozens of sizes, colors and Mil thicknesses to choose from – including Machine Length options.
- Available in full case quantities or in smaller, "Smart Packs".

Crystal Clear Tapes

- Use Crystal Clear carton sealing tape when presentation matters.
- Performs well in temperature range of -31° to 199°F.
- Sticks instantly and tightly seals boxes.
- Available in 36 rolls per case or 12 roll "Smart Packs".

Flatback Tapes

- Lightweight paper tape with an aggressive adhesive backing ideal for carton sealing applications.
- Stronger than masking tape yet tears with ease.
- No water or dispensers needed – just apply and tear by hand.
- Write directly on tape.

Pre-Printed Tapes

- Communicate handling instructions and seal cartons at the same time.
- Waterproof, 2.2 Mil acrylic adhesive available in different sizes, pre-printed messages, and case quantities (including "Smart Packs").

Colored Carton Sealing Tapes

- Strong, 2.2 Mil, polypropylene tape features acrylic adhesive and multiple roll sizes to choose from.
- Colors include Green, Red, Orange, Yellow, Blue, White, or Black.
- Full cases and "Smart Packs" are available.

Machine Length Tapes

- Super strong pressure sensitive polypropylene tape for economical, repetitive volume packaging.
- Fewer roll changes to increase productivity.
- Excellent performance on overstuffed cartons.
- Available in clear and a variety of colors.

Pre-Printed Water Activated

- Pre-printed tape brings attention to security and shipping instructions.
- Water activated adhesive bonds to corrugated even in dusty conditions.
- Available in 3 different messages.

Reinforced Water Activated

- Bonds instantly to all corrugated carton surfaces and generates an immediate tamper-evident bond.
- Extra strong fiberglass yarns are between sheets of paper to provide an extra margin of strength.
- Excellent flexibility for sealing carton corners and irregular surfaces.

Non-Reinforced Water Activated

- Aggressively bonds to corrugated cartons, even in dusty or dirty environments.
- Totally biodegradable tape is 100% recyclable and repulpable.
- Use on cartons that will be packed in master cartons or shipped in united loads.

Packaging, Specialty & Industrial Tapes

Masking Tapes

- Great for masking, splicing, bundling and holding applications while resistant to moisture, and oil.
- Various widths, Mil thicknesses, tensile strengths, and color options.
- Available in full case quantities or 12 roll "Smart Packs".

Colored Masking Tapes

- Use Colored Masking Tape to color code shipments or for inventory identification.
- Designed for medium temperature applications.
- Stain and solvent resistant.
- Available in full case quantities or 12 roll "Smart Packs".

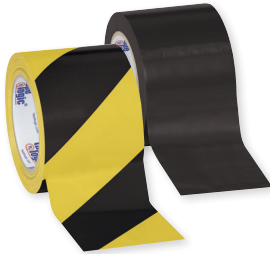

Painter's Tapes

- Stops paint from bleeding and leaves sharp paint lines for a perfect finish.
- Choose from blue or green, indoor or outdoor, and multi-purpose or delicate surfaces.
- Full case quantities and 12 roll "Smart Packs" available.

Vinyl Safety Tapes

- Heavy-duty vinyl tape resists oil, freeze moisture solvents and scuffs.
- Choose from a variety of solid and striped colors in multiple widths.
- Use to identify and mark high traffic areas or physical hazards.

Gaffers Tapes

- Industrial grade, non-reflective, poly coated, cloth tape will not leave a residue.
- 11 Mil, 45 lb. tensile strength tape is available in 14 different colors.
- Choose from full case quantities or 3 roll "Smart Packs".

Duct Tapes

- Perfect for bundling, sealing, and repairs because it adheres to a variety of surfaces.
- Choose from 11 colors including Silver, White, Black, Blue, Orange, Yellow, Red, Green, Beige, Brown, and Olive Green.
- Full case quantities and 3 roll "Smart Packs" available.

Double Sided Foam Tapes

- Features rubber adhesive that seals, cushions vibrations, resists impacts, and insulates.
- Foam Tapes are available in continuous rolls or pre-cut squares or strips.
- Specially formulated for most indoor mounting and joining applications.

Double Sided Film Tapes

- Double Sided Film Tapes are conformable, vinyl film with an acrylic adhesive.
- Ideal for splicing paper or foil.
- Available in full case quantities or 2 roll "Smart Packs".

Double Sided Masking Tapes

- Double Sided Masking Tapes are great for golf club grips and splicing paper, foil, film, and fabric.
- Crepe paper tape with a double coated, rubber, pressure sensitive adhesive.
- Durable and hand-tearable.

Strapping Tapes

- Glass filaments reinforce tape to give super strength.
- Use to bundle odd-shaped materials, unitize and seal packages.
- Over 40 options for widths, tensile strengths, and case quantities to choose from.

Security Tapes

- Pre-printed tapes for when security of carton contents is a concern.
- A variety of options that include rolls, strips, different colors and messages, and consecutive number labeling.

Hook and Loop Tapes

- Weather resistant, rubber based pressure adhesive for both high and low temperature environments.
- Great for hanging everything from signs, posters and displays to tools.
- Available in black and white dots, strips and pre-cut sizes.

Distributed by:

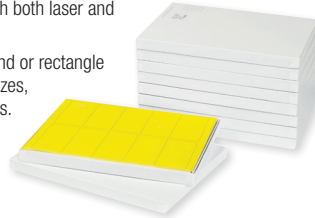

Magnetic Rolls & Strips

- Easily mark racks, shelves and equipment in the warehouse with these reusable labels.
- Can be marked with wet or dry erase markers.

Laser Labels

- Labels stick to a variety of smooth surfaces including paper, corrugated, plastic, wood, glass and metal.
- Labels work with both laser and inkjet printers.
- Available in round or rectangle in a variety of sizes, styles and colors.

Barcode Labels

- Recommended for product identification, shipping labels and most packaging applications.
- Compatible with Zebra, Datamax, Sato and other thermal label printers.
- Available in white and colored.

International Safe-Handling Labels

- Pressure-sensitive labels on high gloss paper.
- Internationally recognized.
- Red arrows comply with I.A.T.A regulations.
- Easy to use! Simply stick and apply.

Shipping Labels

- Ensure proper handling of fragile, glass or delicate shipments.
- Boldly displays instructions and warnings to package handlers.
- Pressure-sensitive and easy to use.

Arrow Labels

- Use Arrow Labels to call attention to the upwards direction of your package or box.
- Pressure-sensitive labels on high gloss paper.
- Easy to use! Simply stick and apply.

Rush Labels

- Single out packages or shipments that need immediate attention.
- Identify "hot" or "perishable" items with specific labels.
- All Rush Labels are 500 labels per roll.

Special Handling Labels

- Ensure proper handling while eliminating tedious, handwritten instructions.
- Available in a variety of colors, sizes and messages (including bilingual).

Production Labels

- Simplify inventory and quality control operations with white or fluorescent colored labels.
- Large 3 x 5" labels are perfect for skids and large shipments.
- Easy to write on with pens, pencils or markers.

Blank Rectangle & Circle Labels

- Colored labels are easy to write on with pens or markers.
- Available in 12 different color options.
- Excellent for color coding.

Pre-Printed Inventory Labels

- Use to identify shipments, inventory or products.
- Pre-printed with numbers, days of the week, months, quarters or years.

Inventory Control Labels

- Boldly display shipping and inventory instructions.
- Perfect for use in the warehouse or on inventory.
- Fluorescent labels stand out and get noticed.
- Available in circles or rectangles.

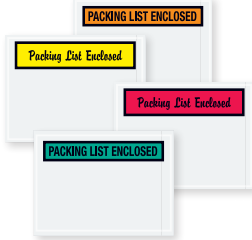

A BRAND YOU CAN TRUST FOR TAPE & MORE

When Performance Counts, Choose from the Tape Logic® Brand Family of Products!

Panel Face

- Panel face, colored Packing List Envelopes are pre-printed with the message "Packing List Enclosed" on heavy 2 Mil poly.
- Available in Script and Block lettering.
- Envelopes open along the first dimension.

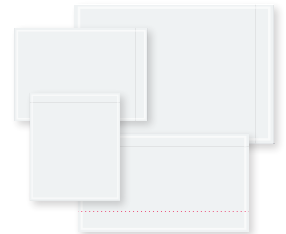

Full Face

- Full Face, boldly colored Packing List Envelopes are pre-printed with the message "Packing List Enclosed" in Script or Block lettering.
- Secure and protect documents that are attached to the outside of shipments with bright, bold color.
